

# Manu's Personal Finances Report

Date: 2023-06-20

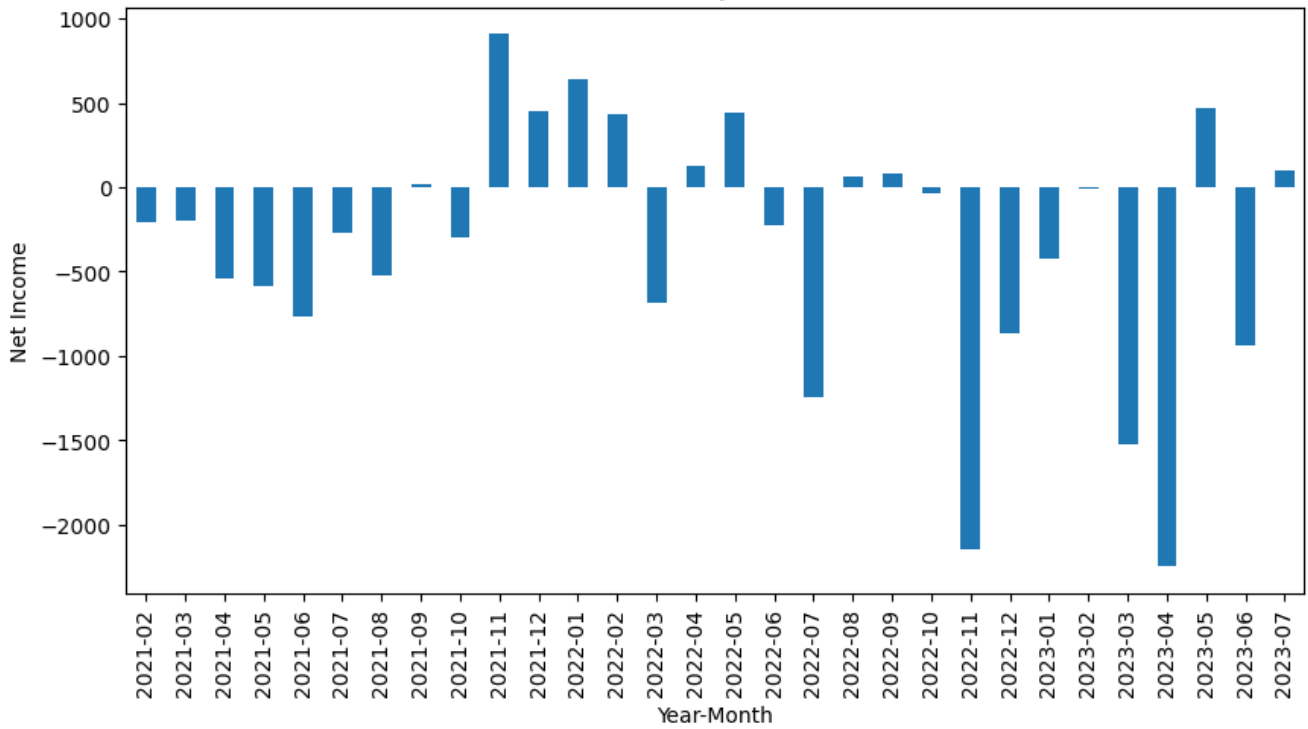

Author: Manu Malotra

### Income vs. Expenses by Year-Month

### Net Income by Year-Month

The chart displays monthly spending across 11 categories from February 2021 to July 2023. The categories are: Amazon, Clothes, Dining, Education, Entertainment, Grocery, Housing, Sports, Subscription, Technology, and Transportation. The x-axis is labeled 'Year-Month' and the y-axis is labeled 'Amount'.

Key observations from the chart:

- Technology** is a significant category, appearing prominently in 2022-03, 2022-08, and 2022-11.
- Housing** shows a major spike in 2023-06, which is the highest single-month expenditure.
- Grocery** and **Entertainment** are consistent categories with varying levels of spending throughout the period.
- Amazon** and **Transportation** are also visible categories in the spending data.
